INTERNATIONAL MASTER'S PROGRAM IN BIOREFINERY

contact.masters@centralelille.fr

- The international Master « Biorefinery » is open to students presently preparing a Master 1 diploma in chemistry or biochemistry. The Master 2 « Biorefinery » starts at the end of August and ends at the middle of July or middle of September function of the end of the internship.
- The program is detailed on [the website](#) and is summarized hereafter.

Master 2 nd year		Course (for chemists)	Credits
Semester 1 (30 Credits) Lectures and practicals End of August – 15th Feb	Bioref1	Biomass production and recycling	5 ECTS
	Bioref2	Bio and Chemical process	5 ECTS
	Bioref3	Biomass pretreatment and thermal treatment	5 ECTS
	Bioref4	Chemicals and fuel from biomass	10 ECTS
	Bioref5	Languages (Advanced English /French)	5 ECTS
Semester 2 (30 Credits) 15th Feb – mid of September max.	Bioref6	Lab research project	5 ECTS
	Bioref7	Transferable skills	25 ECTS

Mastering of English language

- All courses are taught in English. The advised language level in the Common European Framework corresponds to B2 (i.e. independent user).
- If you don't hold any recent English language certification (e.g. TOEFL/IELTS/TOEIC) when filing your application, please proceed to your self-assessment by creating your own [Europass Language Passport](#)
- If English is the medium of instruction in your university, then an official certificate stating this, issued by an officer of your university will be accepted.

Note to international students: in addition to this application, depending on your nationality, you must complete the Campus France procedure in order to obtain a student VISA. Scores for TOEFL/IELTS/TOEIC tests can be asked during this procedure.
